

Stopped and Frisked by the NYPD?

The **NYPD**'s recent release of “**stop and frisk**” data for 2006 raises serious concerns over current police practices and **racial profiling** by the NYPD.

The New York Civil Liberties Union (NYCLU) is exploring next steps to respond to these recent revelations.

If you were stopped and frisked by NYPD officers two or more times in 2006, please call to be interviewed.
