Dear Debbie,

Pursuant to your request in response to the NYCLU FOIL request, Item 21;

We (CSI Group and SN Tech) conducted a joint presentation for school and law enforcement officials at Erie 1 BOCES on August 16, 2016. No information was distributed and a power point was used by SN Tech to demonstrate the technology.

A subsequent meeting was conducted with Erie 1 officials on December 20, 2016. This was an informational meeting only to explore the potential of developing a COSER. No materials were distributed.

Sincerely,

J. A. "Tony" Olivo LPI
