Top 10 Infractions:

Note: Unlike the data above, these data are estimations based on heavily redacted reporting. By law, the DOE is able to redact any suspension category where there are fewer than 10 suspensions. Of the 69,643 suspensions during 2011-12, the DOE was able to redact 34,696 suspensions (49.8 percent) from the data broken down by infraction.

The following list represents the highest number of suspensions by infraction based on the non-redacted data provided. The actual list of top infractions may vary.
