## Spring 2009

The Greece Central School District, in partnership with the Greece faith community, is pleased to provide you with a copy of the *Greece Directory of Youth Services*. This document contains information about our schools, local faith-based organizations, and other Greece programs and services that assist young people in our area. We have also included information about the 40 Developmental Assets, which are building blocks for healthy youth development.

Inside, you'll find contact information for a number of organizations that assist youth and their families in different ways. Whether you need to know where to get counseling and guidance or tutoring services, this directory is a good place to start. Greece Central will soon open a new Family Support Center where families in need can turn for help. Call them at 966-4471 if you're experiencing difficulty.

We hope you find this directory of services helpful. We look forward to continuing our partnership as we work to serve families and youth in the Greece community.

Sincerely,

Julia VanOrman
