

A-M-E-R-I-C-A

This world is small  
The world is weak  
This is a time  
Of discrimination  
Over the unique

Hated upon because of the blood that flows through my veins  
Here's a head's up, no one is the same

I ain't got no time to sit down & rhyme 'cause what is a rhyme nothing but two words,  
like lemon & lime  
Yeah lemon & lime  
That's how they see us  
Lemon OR lime  
Black OR white  
If you don't belong in neither  
You don't belong at all

Racism depleting the population  
Violence and classism striking the nation

AND-WHERE-AM-I?

Middle class kid from Brooklyn gets shot, no one heard a thing 'cause they all deaf  
Poor little family living under the bridge, kids hungry, but no one sees a thing 'cause they  
all blind  
But Britney Spears shaves her head and everyone saw, Beyonce comes out with a new  
song & everyone heard

WHERE-ARE-WE? L-O-S-T  
Yeah, lost

Why can't we all be Dorothy, click them red heels whispering  
There's no place like home  
There's no place like home  
There's no place like home

But what is home with all the fussing, fighting, yelling, cussing?  
What is home?  
Nothing but a hell hole  
That's all you find

But in THIS society  
Not even at the water's edge can you find peace  
The police secure the area  
Another body found

Quiet is the only sanctuary  
Quiet is the only sanctuary  
QUIET IS THE ONLY SANCTUARY

When you can find it

Welcome to the United States, more like united corruption  
Speak now or forever hold your peace  
I hold my peace  
'Cause what I gotta say might cause a disruption  
Man we still fighting to be free

Land of the free?  
Home of the brave?  
But read in between the lines  
Land of the cheap  
Home of the captured

Yeah, God bless America
