Section 12

A summary of complaints of violent felony crime for each patrol precinct with a breakdown by race/ethnicity of the suspects as identified by the victim.

Statistical Notes:

1. Statistics in Sections 1 through 10 are determined by the command that the reporting officer was assigned to on the day of the stop.

2. Statistics in Sections 11 and 12 are determined by the precinct of occurrence as identified on the complaint report prepared by the reporting officer. In these sections complaint reports prepared for crimes occurring within the geographic confines of a precinct will be counted in that precinct's statistics regardless of the reporting officers assigned command.

3. In Sections 9 and 10 the count tabulated on each factor line is the number of times that factor was indicated on the reports that fell into the specific Gender or Race/Ethnicity group. The count of records that did not have the factor indicated is not presented. The total number of reports prepared is provided at the bottom of the table. Note that multiple factors can be checked on one report so the row counts will not total to the number of stops for the command given at the bottom of the page. The row counts when totaled down a Gender or Race/Ethnicity column will generally total to a number greater than the number of stops prepared for that group by officers from that command..
