Respondents.

Index No. EF2020-640

**AFFIDAVIT OF THERESA LOGAN**

I, Theresa Logan, being duly sworn, say:

1. I am a registered voter in Ulster County.

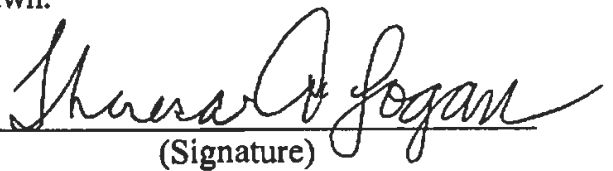

2. I reside at 170 Plains Road, New Paltz, New York.

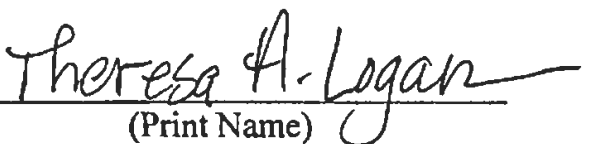

3. I first registered more than 35 years ago vote when I was a student at SUNY New Paltz. At the time, I was working at Dominic's Restaurant, when the restaurant's proprietor, Dominic Sfregola—a county legislator and civic engagement enthusiastic—handed me a voter registration form. Since I was first registered I have voted regularly in elections.

4. I applied for an absentee ballot for the November 2020 election through the internet portal provided by the Ulster County Board of Elections. I then received my absentee ballot through the mail at my home. I filled out the ballot, signed the affirmation envelope, and placed it in the U.S. mail on our about Friday, October 23, 2020.

5. I have not received any notice describing any purported defect in my ballot or providing an opportunity to cure any such defect.

6. I have talked with attorneys at the New York Civil Liberties Union about what it means to be a class representative. Should the Court deem it necessary for this lawsuit to be in the form of a class action in order to secure relief to me and all other similarly situated voters, I have decided I want to take on the role of class representative should the Court permit me to do so. I want to speak up for all the voters whose ballots have been unfairly challenged, and I am asking the Court to allow me to speak for them. I am willing to participate in this case as necessary to do so. I am willing to participate in this lawsuit until the end, and I am able to keep working on it in the future and to be a spokesperson for other voters facing similar situations, even if the challenge to my particular ballot is withdrawn.
